542-200G BASKETBALL BACKBOARD GENERAL SPECIFICATIONS

542-200 Acrylic Rectangle

The backboard shall be formed from 3/8" thick acrylic plastic with 1" x 2", gauge steel tubing reinforcing the edges and center. White border and target standard 5" x 5" goal mounting pattern. Weighs 93 pounds.

Steel components have a durable powder coated finish. The powder coated parts shall be baked at 400 degrees Fahrenheit to ensure superior paint adhesion.

542-917 Official Goal and Net

Rim shall be constructed of an official 18" diameter high carbon 5/8" thick steel ring with 12 wire formed no-tie net locks. Supported by 1/2" diameter steel braces. Back plate is 3/16" thick and 7" wide. Nylon net is 120-thread count with hourglass shape. Rim shall carry a 1 year limited warranty and have an orange powder coated finish.
